

California Department of Transportation Awards ICF \$14 Million to Advance Statewide Infrastructure Projects

June 30, 2026

Company Will Accelerate Key Transportation Initiatives and Streamline Environmental Review and Compliance Services

RESTON, Va., June 30, 2026 /PRNewswire/ -- ICF (NASDAQ: ICFI), a leading global solutions and technology provider, was recently awarded a contract by the California Department of Transportation (Caltrans) Headquarters to provide on-call environmental policy and implementation services to support the statewide [transportation infrastructure](#) project delivery program. The recompetitve contract, which was awarded in the first quarter of 2026, has a ceiling value of \$14 million and a term of three years.

ICF will help Caltrans accelerate transportation project delivery by strengthening cross-agency coordination and aligning reviews with compliance and permitting requirements to simplify the environmental review process. These services will help reduce risks and enable more efficient government programs.

"Efficiency and confidence in completing the environmental review process is critical to delivering transportation projects that improve safety, mobility and quality of life for California communities," said Kyle Wiggins, ICF senior vice president for energy, environment and infrastructure. "We're excited to continue our 20-year partnership with Caltrans Headquarters to help them advance critical infrastructure investments faster, more efficiently and in full compliance with federal, state and local requirements."

ICF leverages advanced technologies and locally based teams who bring deep industry expertise to help state and local governments secure funding and implement programs that deliver measurable results. For over 50 years, ICF has supported hundreds of complex transportation, water and energy infrastructure projects in states nationwide that help agencies and organizations navigate regulatory environments, manage statewide initiatives and deliver localized solutions. Working alongside these organizations, ICF is helping build stronger, more resilient communities.
