

## ICF International Wins \$8.2 Million Contract with Centers for Disease Control and Prevention

November 1, 2013

FAIRFAX, Va.--(BUSINESS WIRE)--Nov. 1, 2013-- ICF International (NASDAQ:ICFI), a leading provider of consulting services, health informatics and technology solutions to government and commercial clients, has been awarded a new contract with the U.S. Department of Health and Human Services, Centers for Disease Control and Prevention (CDC), to provide support to the National Center for Environmental Health (NCEH) and the Agency for Toxic Substances and Disease Registry (ATSDR). The contract, which was awarded in the third quarter of 2013, has a total value of \$8.2 million and a term of one base year and four option years.

Under this contract, ICF will support the CDC, and the NCEH/ATSDR's Information Services Team (IST) with a broad range of activities to ensure that critical information technology (IT) platforms are available to support the CDC's mission. Additionally, ICF will securely manage important health data for NCEH/ATSDR scientists so that they can better understand the causes of diseases, promote healthy behaviors, determine the threats of toxic substances, and monitor the health of the nation. Specifically, these activities include asset operations and maintenance support as well as custom development, modernization, enhancement, consolidation, replacement, and IT data management services.

"Having been engaged in toxicological research for many years, ICF is very excited to support NCEH/ATSDR in this new capacity," said [Terence R. McKittrick](#), vice president for ICF International. "We look forward to the opportunity to help NCEH/ATSDR improve business processes, create efficiencies, support scientific systems, and provide increased value through this important program."

### About ICF International

ICF International (NASDAQ:ICFI) partners with government and commercial clients to deliver professional services and technology solutions in the energy, environment, and infrastructure; health, social programs, and consumer/financial; and public safety and defense markets. The firm combines passion for its work with industry expertise and innovative analytics to produce compelling results throughout the entire program lifecycle, from research and analysis through implementation and improvement. Since 1969, ICF has been serving government at all levels, major corporations, and multilateral institutions. More than 4,500 employees serve these clients from more than 60 offices worldwide. ICF's website is <http://www.icfi.com>.

### Caution Concerning Forward-looking Statements

*Statements that are not historical facts and involve known and unknown risks and uncertainties are "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. Such statements may concern ICF's current expectations about its future results, plans, operations and prospects and involve certain risks, including those related to the government contracting industry generally; ICF's particular business, including its dependence on contracts with U.S. federal government agencies; and its ability to acquire and successfully integrate businesses. These and other factors that could cause ICF's actual results to differ from those indicated in forward-looking statements are included in the "Risk Factors" section of ICF's securities filings with the Securities and Exchange Commission. The forward-looking statements included herein are only made as of the date hereof, and ICF specifically disclaims any obligation to update these statements in the future.*
