ICF International Awarded $6 Million Energy Efficiency Contract with Major U.S. Southern Utility

December 8, 2014

Team to Implement New Energy Efficiency Program Through 2016

FAIRFAX, Va.--(BUSINESS WIRE)--Dec. 8, 2014-- ICF International (NASDAQ:ICFI), a leading provider of consulting services and technology solutions to government and commercial clients, has been awarded a new contract to support an innovative energy efficiency program for a major U.S. utility. The contract has a value of approximately $6 million and a term of 30 months.

ICF will implement a comprehensive suite of energy efficiency programs for residential, commercial and industrial customers under this contract. Specifically, the company will support overall program operations and implementation of a new suite of residential, commercial, industrial, and governmental energy efficiency programs.

“We are excited to expand our work with this utility client and provide significant energy savings and a valuable service to an even broader range of customers,” said David Pickles, senior vice president for ICF International.

ICF offers results and solutions to a broad range of clients in the energy industry worldwide. The company has advised both private- and public-sector clients in all facets of the energy industry for more than 30 years. ICF is a leader in designing and implementing effective and innovative strategies.

Our more than 5,000 employees serve government and commercial clients from more than 70 offices worldwide. ICF's website is www.icfi.com.

Caution Concerning Forward-looking Statements

Statements that are not historical facts and involve known and unknown risks and uncertainties are "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. Such statements may concern ICF's current expectations about its future results, plans, operations and prospects and involve certain risks, including those related to the government contracting industry generally; ICF's particular business, including its dependence on contracts with U.S. federal government agencies; and its ability to acquire and successfully integrate businesses. These and other factors that could cause ICF's actual results to differ from those indicated in forward-looking statements are included in the "Risk Factors" section of ICF's securities filings with the Securities and Exchange Commission. The forward-looking statements included herein are only made as of the date hereof, and ICF specifically disclaims any obligation to update these statements in the future.
