

ICF International Awarded \$9 Million Contract Extension by DTE Energy

January 29, 2015

ICF to Continue Support for Residential Energy Efficiency Programs

FAIRFAX, Va.--(BUSINESS WIRE)--Jan. 29, 2015-- ICF International (NASDAQ:ICFI), a leading provider of consulting services and technology solutions to government and commercial clients, was recently awarded a one-year contract extension with DTE Energy. The contract has a value of more than \$9 million and a term of one year.

Under the extension, ICF will continue to support the utility's residential energy efficiency programs with a full suite of implementation services, including marketing, call center and rebate processing, IT, data tracking and reporting. Specifically, ICF will support the utility's heating and cooling, insulation and windows, home energy analysis and improvements, lighting and appliance and low income programs.

"For more than six years, we have helped our client make energy efficiency readily accessible to its customers and gain maximum benefit from program participation," said [Wendy Jaehn](#), vice president for ICF International. "We are pleased that we have been given the opportunity to continue this good work in the coming year."

"ICF recognizes the current challenges utilities face in meeting energy efficiency goals in an environment of lower avoided energy costs and increasing codes and standards," said [David Pickles](#), senior vice president for ICF International. "We continuously look at long-term solutions for improving design and implementation with more strategic implementation strategies, and use of data analytics, and technology and innovative marketing tools to ensure our clients' programs maintain their cost effectiveness."

Our more than 5,000 employees serve government and commercial clients from more than 70 offices worldwide. ICF's website is www.icfi.com.

Caution Concerning Forward-looking Statements

Statements that are not historical facts and involve known and unknown risks and uncertainties are "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. Such statements may concern our current expectations about our future results, plans, operations and prospects and involve certain risks, including those related to the government contracting industry generally; our particular business, including our dependence on contracts with U.S. federal government agencies; and our ability to acquire and successfully integrate businesses. These and other factors that could cause our actual results to differ from those indicated in forward-looking statements are included in the "Risk Factors" section of our securities filings with the Securities and Exchange Commission. The forward-looking statements included herein are only made as of the date hereof, and we specifically disclaim any obligation to update these statements in the future.
