FAIRFAX, Va. (February 27, 2016) — ICF (NASDAQ:ICFI), a consulting and technology services provider to government and commercial clients around the world, reported results for the fourth quarter and twelve months ended December 31, 2016.

<sup>1</sup> Non-GAAP EPS is a non-GAAP measurement. A reconciliation of all non-GAAP measurements is set forth below.

1

"2016 was a year of solid execution for ICF in which we achieved mid-single-digit organic revenue growth consistent with our expectations. Revenue from commercial clients increased 4.8 percent, driven by the strong performance of energy markets, which includes energy efficiency programs for utilities, and modest year-on-year growth in our marketing services. A similar 4.6 percent growth in our government business reflected a 4.1 percent increase in federal government revenue and double-digit growth in state and local government revenue, which more than offset the anticipated decline in revenue from international government business. Diluted earnings per share growth outpaced revenue growth by a factor of four, demonstrating the strength of our balanced portfolio and the benefit of reduced amortization expense, a lower share count and a lower tax rate," said Sudhakar Kesavan, ICF's Chairman and Chief Executive Officer.

"In the fourth quarter, we experienced slower-than-expected work flow on certain federal government contracts and postponements of specific asset valuation and M&A assignments in our commercial energy advisory group. Strong performance in other areas, particularly energy efficiency and state and local infrastructure programs, mostly offset the revenue impact. However, reduced service revenue[2] levels resulted in fourth quarter diluted earnings per share being below our guidance range, although earnings were markedly ahead of last year. Since the beginning of 2017, we have seen a return to our expected levels of activity in our federal government business and commercial energy advisory work.

"ICF's business development programs continued to yield positive results in 2016. It was a record year for us in terms of contract awards, with the majority representing new business wins. We ended 2016 with a record fourth quarter backlog, and the funded portion increased significantly from 2015 levels, in part reflecting the greater mix of commercial business," Mr. Kesavan noted.

# **Fourth Quarter 2016 Results**

Fourth quarter 2016 revenue was \$289.6 million, a 3.1 percent increase from \$280.8 million in the fourth quarter of 2015. Service revenue was stable at approximately \$207 million. Net income was \$12.7 million in the fourth quarter of 2016, or \$0.65 per diluted share, up 18.2 percent from \$0.55 per diluted share in the prior year period. Non-GAAP EPS increased 4.1 percent to \$0.76 per diluted share in the fourth quarter of 2016 compared to \$0.73 in the prior year. EBITDA<sup>3</sup> was \$29.5 million, up from \$27.5 million in the fourth quarter of 2015. Fourth quarter 2016 EBITDA margin was 10.2 percent, a 40 basis point increase from the 9.8 percent reported in the comparable period last year. Adjusted EBITDA<sup>4</sup>, which excludes special charges related to severance for staff realignment, acquisition-related expenses and international office closures of \$0.4 million, was \$29.9 million, or 10.3 percent of revenue, up from last year's \$28.3 million or 10.1 percent of revenue.

#### **Full Year 2016 Results**

For 2016, revenue was \$1.19 billion, up 4.7 percent over the \$1.13 billion reported for full year 2015. Service revenue was \$864.8 million, or 1.8 percent above the prior year. Net income was \$46.6 million, or \$2.40 per diluted share for full year 2016 compared to \$39.4 million or \$2.00 per diluted share in the prior year. The increase in diluted earnings per share represented a 20 percent year-on-year increase. Non-GAAP EPS was \$2.87 per share in 2016, an increase of 8.7 percent from the \$2.64 per share reported in 2015. For 2016, EBITDA was \$111.9 million, a 3.0 percent increase as compared to \$108.6 million for 2015. Adjusted EBITDA in 2016 was \$113.9 million, a 2.8 percent increase as compared to \$110.7 million for 2015. Adjusted EBITDA excluded special charges related to severance for staff realignment, acquisition-related expenses and international office closures of \$2.0 million in 2016 and \$2.1 million in 2015.

<sup>2, 3, 4</sup> Service Revenue, EBITDA, and Adjusted EBITDA are non-GAAP measurements. A reconciliation of all non-GAAP measurements is set forth below.

Operating cash flow was \$79.6 million for 2016 compared to \$76.3 million in 2015, a 4.3 percent increase. During 2016, the company used \$52.1 million in cash to pay down debt and \$11.9 million to repurchase company shares.

#### **Backlog and New Business Awards**

Total backlog was \$2.1 billion at the end of the fourth quarter of 2016. Funded backlog was \$1.0 billion, or approximately 48 percent of the total backlog. The total value of contracts awarded in the 2016 fourth quarter was \$296 million, up 31 percent year-on-year. For full year 2016, contract awards were \$1.5 billion, up 13 percent year-on-year and representing a book-to-bill ratio of 1.26.

## **Government Business Fourth Quarter 2016 Highlights**

- U.S. federal government revenue, which accounted for 44 percent of total revenue, fell 3.1 percent year-on-year to \$128.1 million in the fourth quarter of 2016. Federal government revenue accounted for 47 percent of total revenue in the fourth quarter of 2015.
- U.S. state and local government revenue increased 16.4 percent year-on-year and accounted for 11 percent of total revenue, compared to 10 percent in the year-ago period.
- International government revenue decreased by 11.5 percent year-on-year and accounted for 7 percent of total revenue compared to 8 percent in the year-ago period.

#### **Key Government Contracts Awarded in the Fourth Quarter**

ICF was awarded more than 90 U.S. federal contracts and task orders and more than 200 additional contracts from state and local and international governments. The largest awards were:

- **Program Support:** A contract with a ceiling of \$19.6 million with the U.S. Environmental Protection Agency's Office of Transportation and Air Quality, to continue to provide analysis and modeling related to mobile source fuels.
- **Technical Assistance:** Four contracts with a combined value of \$14 million with the U.S. Department of Housing and Urban Development to continue to provide technical assistance nationwide on Department programs.
- **Program Support:** A contract with a ceiling of \$12 million with the U.S. Environmental Protection Agency's Office of Water to continue providing technical and regulatory support in establishing health-protective criteria for water sources.
- Cybersecurity: A contract modification with a ceiling of up to \$11.5 million with the U.S. Department of Defense to provide cybersecurity services.
- **Infrastructure/Environmental Planning:** Six new task orders with a value of \$11 million to provide environment impact review and analyses, documentation and other technical services for a California rail program.
- Infrastructure/Environmental Planning: Task orders totaling \$4.4 million with a water resources agency in the Western U.S. to provide environmental planning services.
- **Transportation:** Two contracts with a value of \$3.6 million with the U.S. Department of Transportation National Highway Traffic Safety Administration to provide analysis support for fuel economy standards and survey research on tire pressure monitoring systems.

- **Regulatory Support:** A \$3.3 million contract with the U.S. Department of Transportation Federal Motor Carrier Safety Administration to provide broad regulatory support.
- Program Support: A \$3 million contract with the U.S. National Park Service to provide sustainability and management services.

Other government contract wins with a value greater than \$1 million included: training and technical assistance, and research and evaluation services, for the U.S. Department of Health and Human Services' Administration for Children and Families; regulatory, operational, communications, training, and other administrative and analytic support for the U.S. Department of Homeland Security; policy and communications support for the U.S. Department of Energy Oak Ridge National Laboratory; program management services for the Defense Contract Management Agency; support for block grant evaluations and the diabetes prevention program at the Centers for Disease Control and Prevention; technology support services for the Office of the Secretary of the Navy; change management support for the U.S. Department of Veterans Affairs; and enterprise strategy and management services for the U.S. Department of State's Bureau of Consular Affairs.

## **Commercial Business Fourth Quarter 2016 Highlights**

- Commercial revenue was \$110.0 million, 10.8 percent above the \$99.3 million in last year's fourth quarter. Commercial revenue accounted for 38 percent of total revenue in the fourth quarter of 2016, compared to 35 percent of total revenue in the fourth quarter of 2015.
- Marketing services accounted for 41 percent of commercial revenue. Energy markets, which include energy efficiency programs for utilities, represented 35 percent of commercial revenue.

#### **Key Commercial Contracts Awarded in the Fourth Quarter**

Commercial sales were \$158.7 million in the fourth quarter of 2016, and ICF was awarded more than 500 commercial projects globally during the period. The largest awards were:

## **Energy Markets:**

- A \$41 million contract with a major utility in the Southeastern U.S. to continue to support residential, commercial and small business energy efficiency programs and expand support of the utility's overall demand side management portfolio.
- A contract with a value of up to \$11 million with a large consortium of utilities in the Northeastern U.S. to provide energy efficiency support services to the member utilities' new home construction programs.
- A contract with a value of \$14.3 million with a major utility in the Northwestern U.S. to design, develop and implement energy efficiency program strategies for commercial buildings.
- Three contracts with a combined value of \$4.3 million with a major utility in the Eastern U.S. to support residential, commercial and industrial energy efficiency programs.
- Multiple contracts with a combined value of \$2.5 million with a Western U.S. utility to perform various environmental studies and support a residential energy efficiency program.

#### **Marketing Services:**

• Two contracts with a combined value of \$14.2 million with a major rail transportation system in the U.S. to continue providing loyalty program and digital solutions services.

- A \$6.4 million contract with a major national retail chain to continue providing its customer loyalty program and communications services.
- A \$5 million contract with a major non-U.S. utility to deploy a residential platform that will transform the customer experience through offline and online education and engagement, rewards and behavioral energy savings.
- Multiple contracts with a combined value of \$3.5 million with a Fortune 500 health insurance provider to provide IT, program management and marketing support.

Other commercial contract wins with a value of at least \$1 million included: customer loyalty program services for a national auto parts chain, two national retail chains, a financial services company, and a major international hotel chain; program support and communications services for a number of U.S. utilities; brand and digital solutions services for a national health insurer; marketing and digital solutions services for a regional financial institution; marketing services for a floor care product manufacturer; and public relations support and digital solutions for a major manufacturer of access control products.

#### 2016 Recognitions

# ICF received several important recognitions in 2016, including:

- Named to Forbes Magazine's 2016 "America's Best Midsize Employers" and "Best Management Consulting Firms" lists.
- Recognized with Corporate Leadership Award from Women in Technology (WIT).

## **Summary and Outlook**

"ICF ended 2016 with key measures of future performance, notably, contract wins, backlog and business development pipeline at record levels. In setting expectations for 2017, we have made certain assumptions regarding the transition to a new administration, particularly after a two-term president, that could affect federal government revenue this year. Importantly, ICF is well positioned in several key government priority areas, including infrastructure renewal and resilience, energy, public health and veterans affairs. Similarly, in our commercial business, we are executing on more than 150 energy efficiency programs for over 40 utilities across the United States and Canada, and we continue to leverage our marketing and communications services across our client base.

"Based on our current visibility, we expect full year 2017 diluted earnings per share to be in the range of \$2.50 to \$2.75 per share on revenue ranging from \$1.20 billion to \$1.24 billion. Underpinning this guidance are the following assumptions:

- Revenue from commercial clients increases at a mid-single-digit rate;
- Federal government revenue is comparable to 2016 levels or increases at a low-single-digit rate;
- Stable year-over-year revenue from state and local government clients;
- A mid-single-digit decline in international government revenue;
- Weighted average shares outstanding of approximately 19.4 million; and
- A full year effective tax rate of no more than 38.5 percent.

"Operating cash flow for 2017 is expected to be in the range of \$90 million to \$100 million," Mr. Kesavan concluded.

#### **About ICF**

ICF (NASDAQ:ICFI) is a global consulting and technology services provider with more than 5,000 professionals focused on making big things possible for our clients. We are business analysts, public policy experts, technologists, researchers, digital strategists, social scientists and creatives. Since 1969, government and commercial clients have worked with ICF to overcome their toughest challenges on issues that matter profoundly to their success. Come engage with us at www.icf.com.

#### **Caution Concerning Forward-looking Statements**

Statements that are not historical facts and involve known and unknown risks and uncertainties are "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. Such statements may concern our current expectations about our future results, plans, operations and prospects and involve certain risks, including those related to the government contracting industry generally; our particular business, including our dependence on contracts with U.S. federal government agencies; and our ability to acquire and successfully integrate businesses. These and other factors that could cause our actual results to differ from those indicated in forward-looking statements are included in the "Risk Factors" section of our securities filings with the Securities and Exchange Commission. The forward-looking statements included herein are only made as of the date hereof, and we specifically disclaim any obligation to update these statements in the future.
