**Explanation of Responses:**

- The transaction reported involved a gift by the reporting person of 1,000 shares of common stock to a charitable organization.
- On August 8, 2023, the reporting person filed a Form 4 to report the gifting of 5,670 shares of common stock. The prior report inadvertently indicated that the shares were gifted from the directly beneficially owned shares of the reporting person; however, the gift was actually made out of shares indirectly beneficially owned through a revocable trust. The above totals reflect the corrected direct and indirect beneficial ownership of the reporting person, after accounting for the transactions reported on this Form 4.
